

SMP Partner Highlights: Reporting Your Stories

In order to efficiently manage the SMP Quarterly Partner Calls, AgeOptions asks that our SMP partners summarize highlights of their SMP work from the past quarter (the past three months). On the quarterly partner calls, AgeOptions shares selected highlights. We also compile the highlights and email them to partners after the call (note: we do not edit the highlights for grammar, punctuation, or formatting).

Here are *some* ideas of what you might want to include in your highlights:

- Something you are proud of that you or your agency, partners, or volunteers did with SMP this quarter
- Your volunteers do amazing things. If you think they did something great this quarter or if someone in the community praises them, share that with us
- New or interesting outreach or partnership ideas
- You can also include things that you are planning for the next quarter
- Anything that you have done for SMP outreach or volunteer management that you think other partners could benefit from knowing
- Any media you have done that quarter

This is your time to “brag” about your SMP volunteers, partners, and your own agency. As SMP partners, we want to celebrate each other’s successes and share ideas.

Partner Highlights are also another way of reporting your SMP work. In these highlights, you can give more detail about activities you are reporting in SIRS or talk about work that you cannot report via SIRS. This is a way for you to tell your SMP story.

Send your highlights as bullet points to Travis at travis.trumitch@ageoptions.org by the due date listed below:
